**Location:** Calgary

**Job Type:** Full Time

**Schedule:** Monday - Friday

**Expected Start Date:** Immediate

**Starting Salary:** \$38-\$42 per hour

**Benefits:** Extended health, dental care, disability and life insurance

## WHY KANAS

**Kanas Corporation** was founded in 1996 with a core focus on building structures with superior building envelopes, durable finishes and low operating costs. Our innovative methods and materials ensure our buildings are comfortably occupied and environmentally sustainable over the long term. This core focus allows Kanas the ability to design, develop and manage affordable rental housing and incorporate a triple bottom line philosophy of social, economic and environmental stewardship to all of our business practices. Kanas has received numerous awards for Built Green and Canadian Home Builders Association, along with other outstanding accomplishments year over year.

As part of the Kanas family, you will be joining a unified team that strives to earn the trust and respect of our customers every day, while also fostering a safe, rewarding work environment that allows our employees to flourish.

Here is an opportunity to be involved in a wide range of plumbing activities.

## HOW YOU WILL CONTRIBUTE

- Install, repair, and maintain pipes, valves, fittings, drainage systems, and fixtures in commercial and multifamily residential structure
- Work with various types of piping including PVC, CPVC, PEX, cast iron, and copper.
- Operate powered equipment including hand tools, stationary machines and others as always required in a safe manner.
- Make decisions and solve problems analyzing information and evaluating results to choose the best solution.
- Follow building plans and blueprints
- Perform routine inspections of plumbing and drainage systems
- Keep accurate records of time spent working, description of work performed and materials used
- Supervise teams

## HARD & SOFT SKILLS REQUIRED

- 5+ years as a journeyperson plumber
- Experience in management and procurement is an advantage
- Knowledge of building codes, safety regulations, and safety practices
- Ability to read and follow blueprints and rough drawings
- Familiar with PVC, CPVC, PEX, cast iron, and copper
- Excellent problem solving skills
- Attention to detail and ability to perform multiple tasks simultaneously
- Very good communication skills for communicating with management, other trades and apprentices
- Very reliable, organized, with good judgement

- Must have own tools
- Location - University District NW Calgary
